

The mission of The Leukemia & Lymphoma Society (LLS) is: Cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families.

Since our founding, LLS has invested nearly **\$1.3 billion** in research. This has led to game changing advances in immunotherapy, genomics and personalized medicine. The treatments we've pioneered for blood cancers are now saving the lives of people affected by many different types of cancer.

At LLS, our mission work is focused on three key areas:

RESEARCH FOR CURES

LLS is at the forefront of the fight to cure cancer. We fund research to find cures for patients of any age from children to adults. We are leaders in advancing breakthroughs in immunotherapy, genomics and personalized medicine. These revolutionary new treatments, originally discovered through blood cancer research, are now being tested in clinical trials for other cancers.

EDUCATION & SUPPORT

LLS is the leading source of free blood cancer information, education and support for patients, survivors, families and healthcare professionals. LLS helps patients navigate their cancer treatment, access quality care and find a clinical trial. We provide patients and caregivers with many free resources, including:

- Information Specialists
- Clinical Trial Support Center
- Educational Resources & Programs
- Support Services
- Financial Assistance
- Personalized Nutrition Consultations

POLICY & ADVOCACY

Through our nationwide grassroots network of more than 100,000 volunteers, we advocate for policies at the state and federal level in a commitment to remove barriers to care for cancer patients. Our efforts have helped:

- Increase federal research funds
- Speed the review and approval process of new therapies
- Ensure patients are able to access lifesaving treatments.

DO YOU NEED PERSONALIZED SUPPORT?

Monday to Friday, 9 a.m. to 9 p.m. ET

Ways you can help

Participate in a Fundraising Campaign

TEAM IN TRAINING is the largest charity endurance training program in the world. From sellout marathons and epic hikes to challenging triathlons and spectacular bike rides, Team In Training takes teams on a journey that expands beyond crossing the finish line – creating lifelong memories with the goal of raising funds to cure cancer.

LIGHT THE NIGHT is a powerful campaign bringing light to the darkness of cancer. One million friends, families and co-workers walk together, carrying illuminated lanterns in 140 inspirational evening walks to celebrate, honor or remember those touched by cancer.

MAN & WOMAN OF THE YEAR is a 10-week philanthropic competition for community leaders across the United States in honor of local children with blood cancer.

STUDENTS OF THE YEAR is a seven-week competition where high school students utilize professional skills such as entrepreneurship, marketing and project management to raise funds in honor of a local cancer patient.

PENNIES FOR PATIENTS is a science-based philanthropic program that provides students the unique experience of helping thousands of people in their fight against blood cancers.

LEUKEMIA CUP REGATTA is a thrilling series of events that combines the joy of on-water sports with the important task of raising money to cure cancer.

LIFESTYLE, a new peer-to-peer fundraising platform, enables LLS supporters to get creative and start their own movement. With LIFESTYLE, every activity or passion is an opportunity to fundraise for LLS – from bake sales and birthday parties to spin class challenges and video game tournaments. The options are limitless!

ATHENA, age 7, leukemia survivor

LLS exists to create a world without blood cancers. We work tirelessly to find cures and ensure patients can access the lifesaving treatments they need. When someone experiences the fear and uncertainty of a cancer diagnosis, we provide hope, guidance, education and support.

Other ways to help

Volunteer with LLS

Our volunteers are part of a diverse community of supporters who represent all walks of life and bring different experiences and passions to drive forward our mission. Beating cancer is in our blood, whether you are going through a diagnosis, caring for someone who has been impacted, or simply want to know a world without blood cancer. With countless ways to engage, from raising critical funds, driving forward policies that benefit patients and providing support to those impacted by cancer, our volunteers are truly making a difference.

Go to www.LLS.org/volunteer or call **888.HELP.LLS (435.7557)**.

Advocate for Patients

Join 100,000 other volunteers to advocate for policies at the state and federal level to push for a cure, expand healthcare access and enrich the lives of blood cancer patients.

Go to www.LLS.org/advocate.

Donate

We've always believed the most efficient way to finding cures for blood cancer is by directing as much funding as possible to the best and most innovative research, while providing patient support and education, and tirelessly advocating on behalf of patients. Your support is invested wisely.

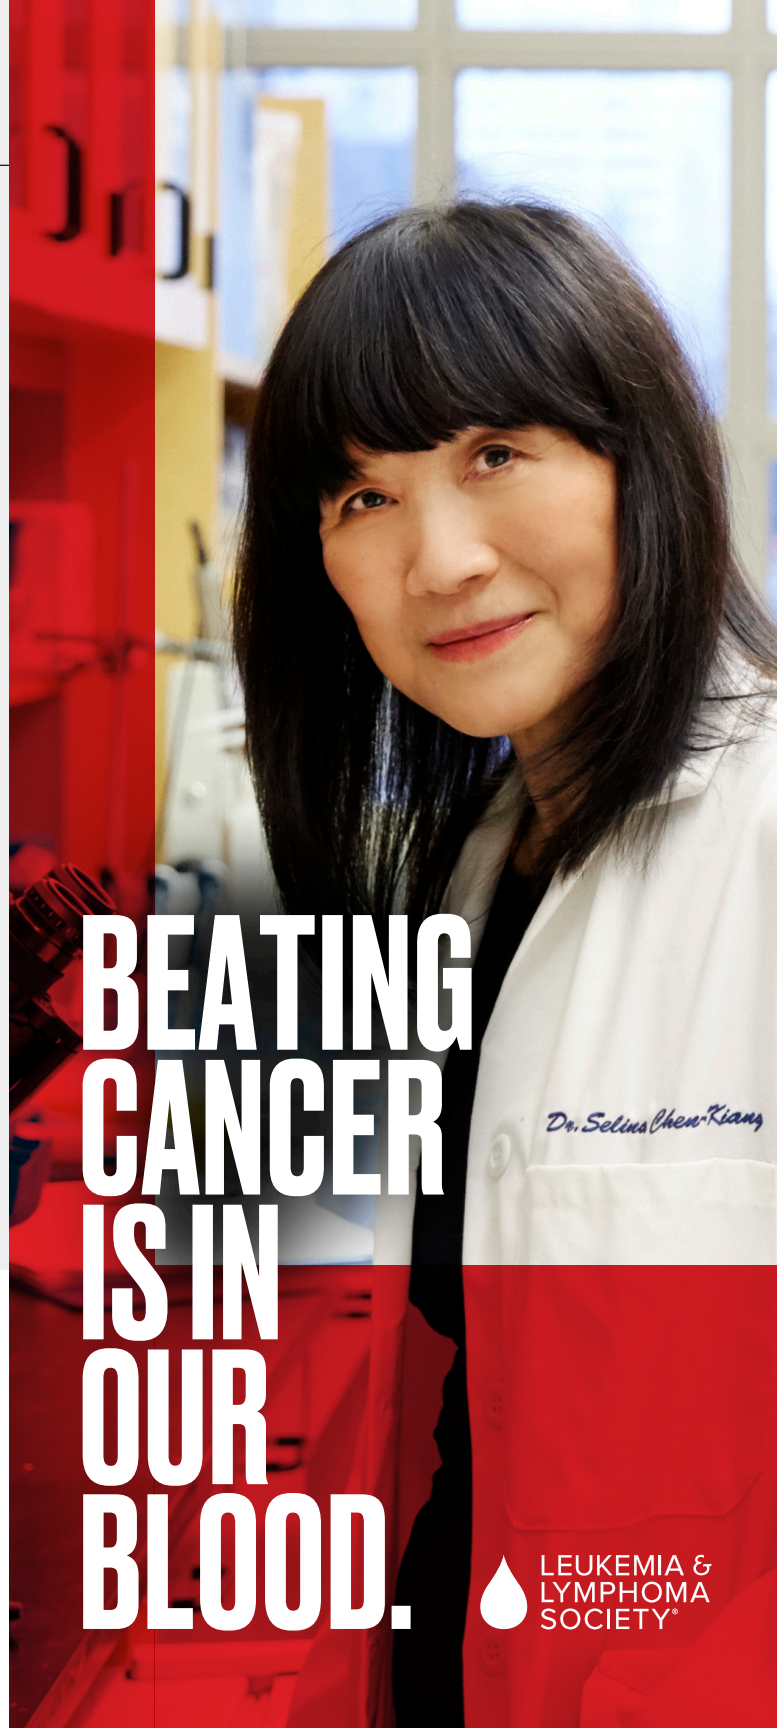

Donate online at www.LLS.org.
